

# **House Carers**

## **To Whom It May Concern**

**6/2/09**

**We are more than happy to recommend Robert and Bernadette Dee as house carers.**

**They have looked after our property twice – once for three months and once for one month.**

**On both occasions they left our house and grounds clean and tidy. They also left behind a very happy and well exercised dog and two contented cats.**

**As we have a hobby farm they also had to oversee the grazing and care of three heifers, three goats and assorted chooks which they were happy to do. This included having to attend to the clipping of hooves and treatment of footrot in one goat.**

**In addition they looked after our very large (200m<sup>2</sup>) vegetable garden which required considerable management of the watering system to ensure our crops survived the hot summer.**

**We really appreciated how they kept in touch with us via email while we were away and also carried out remedial work such as re-tying staked trees after high winds knocked them over and raking the shingle on the drive after heavy rain washed it away.**

**We wish them all the best in any future house caring opportunities.**

**Please feel free to phone or email us.**
